Discover the tasty and healthy recipes of the Paleo Diet!!! Lets be honest with each other, you need to lose weight, your embarrassed of the way you look in the mirror. You cringe as you see unwanted weight on your body. Youre afraid of the reading your weight on the weight scale, your clothes that you love are too tight or dont fit at all. Obesity is part of your life, and you are afraid you may be fat forever. Maybe your spouse or boyfriend/girlfriend has left you for someone with less weight. Your friends or family members are losing weight, but you are not losing weight, or maybe you are still gaining weight. Even the thought of going out in a public place proves to be challenging because youre worried of people looking, staring or laughing at you. You hate the way you look, youre ashamed and you dont know where to turn. According to sources, two thirds of adults and one third of children battle obesity and overweight on a daily basis. If this trend continues, by 2030, 51 percent of the population will be obese. A frightening fact that affects those who you love and yourself. It has also been reported that since the year of 1980, that children and adolescents who are overweight will have nearly tripled! Sadly, obesity has been linked to over 60 chronic diseases. It has also been reported that because more Americans die every year from cancer, what is horrifying is that about one thirds of these deaths are attributed to being overweight, poor nutrition and lack of exercise. What Is Paleo and How Will It Help Me? In a nutshell, the Paleo eats is a way of eating as our ancestors did tens of thousands of years ago. As society has changed, so did our eating habits. In todays modern world, so much of our food whether it is found on the shelves in our favorite grocery store, or even the meat we spend our hard earn money on, is grossly processed and used to market to the general public.
