

# Family Stories from the Silver Valley: by the Students of Canyon Elementary Science Magnet School

Story boards are one way novelists and screenwriters plan their work. In addition to helping authors sequence their story, a story board allows authors to identify their main characters, the story problem, and the conflict. By the last frame, the main character is changed as a result of the story. With help from author Maureen McQuerry, story tellers from the Canyon Elementary School in Silver Valley Idaho created story boards of their own family stories.
