The Game of Kings is Now at your Fingertips! Join the Casual Chess Revolution Today! You want to learn the game of Kings, Generals, Conquerors, and Intellectuals But learning Chess on your own isnt easy, and starting at the beginning is challenging not just for the learner but for most teachers as well. Many Chess books for beginners will overload you with information about openings, tactics, forks, history, notation, and lot of other things beginners dont need to know and dont understand. That might work for some people. But in this highly anticipated prequel to the Conquer your Friends series, Im going to SHOW you how you can play the game of Chess AND WIN in a heinously short amount of time. Hi, my name is Maxen Tarafa, and Im a Skill Artist. Most teachers struggle to show beginners how to play Chess because they forget what its like to start from the beginning. I specialize in working with beginners, post-beginners, and casual players, and now Ive broken down the specific needs of the (absolute) beginner. You see, I believe Chess belongs to regular people who enjoy playing Chess with their friends or at home, not in the hands of experts who use incomprehensible terminology and notation. After working with several beginners, I realized their greatest struggle is not just remembering how the pieces move, but seeing the board beyond where the pieces physically sit. Im going to show you how to play Chess using step-by-step images with arrows and interactive exercises Who is this book for? Perhaps, youve never played Chess but youve always wanted to learn and never had the chance. Or maybe, youve already learned how to move the pieces, but you need an easy, straight-forward refresher. Or perhaps, its time to show your son or younger brother how to play Chess and you want to review the basics, so you can make sure you nail the questions beginners

commonly miss. Whether you're brand new to Chess or you just want to pass the tradition down, this book is for you. In this book, you'll learn how to: Quickly and confidently move each piece from Pawn to King Set up the board from memory quickly and correctly every single time Use my step-by-step method for commanding the puzzling Knight Harness the power of your own mind to visualize the board and gain an edge over your opponent Learn the little-known reason why most beginners lose and how to use it to your advantage Employ a three-question checklist to ensure you don't lose your pieces for no good reason Blow your opponent's mind! Predict your opponent's strategy three moves ahead and stop their plan before they've even tried it I've taught beginner Chess players from age 5 to age 35 and beyond, anyone can learn and now's your chance to finally learn the ancient game of Kings and Conquerors! Don't miss your chance! Join the casual Chess revolution today!
