

Sign Word Flash Cards

This set of more than 500 cards provides a basic, functional Signed English vocabulary in an easy-to-learn, flash-card format. Each sign/word was carefully chosen from the Popper Word List (previously known as the Dolch Sight Word Vocabulary List), including key words from The Signed English Starter. The set also includes the American Manual Alphabet and numbers 0-12. Each card has a drawing of a single sign on one side and the English term it represents on the reverse. The four-by-six-inch cards are arranged alphabetically, printed on durable paper, and come in a sturdy storage box. Twelve tabs provide for optional category arrangements of the cards (e.g., actions, verbs, animals, colors). The accompanying Activities Booklet gives many ideas for using the cards. The booklet presents suggestions for tailoring the cards for individual needs and lists the 14 sign markers used in the Signed English system. A reproducible checklist of the Popper Words are included in the booklet so that sign/word mastery can be easily recorded. Sign/Word Flash Cards are an ideal teaching tool for teachers and parents alike.

This sight word assessment kit is an excellent way to motivate students to recognize and memorize pre-primer sight word signs.
