

Several times beyond and back in the Near-death experience!: Premiere! The book incl. film!

The movie trailer for the book: <http://youtu.be/BdVbAK6RjUo> The film by Tina Konscholy, University Weimar, 2013 from the book by Gerd Lakowitz *Nahtoderlebnis* (in German) and *Near death experience* (in English), published by CreateSpace Publishing and from Amazon.com available, due histrionic, very good performance and empathy provides a deep insight not only in the books of the author but also in the dichotomy of personality that has really experienced the unthinkable and is now looking in his life for ways to cope. What impact did his near-death experience, dating back to 1974, on his entire life recounts Gerd Lakowitz based on numerous examples and explains in detail the self-observed changes in the attitudes of his life. In addition, dares a self-critical assessment the author and his perceptions these formations have accepted interpretation of the events, trying to find to classify the images and stories of what he had experienced in the hereafter in his life, explanations why and know mysterious, diverse events in his near-death experience and also on the often inadequate interpretation of his consciousness in the incomprehensible. Both Gerd Lakowitz refers to position to change oneself in relation to his fellows both in private as well as professional respect for the exposed sensations *Afterlife*. In chapter V, Lakowitz ventures for the first time a glimpse of possible and probable changes on Earth. He refers to, two scientific examples, the upcoming change in the near future.
