

The Chakras (Book 6) - Chakra Balance

We are at a time when the balance of our planet is under threat. The horror and atrocities of war show us how out of kilter our world is. As individuals we may feel helpless to do anything about it. Yet we can work on ourselves, our personal energy and our chakras to come to a place of balance, peace and harmony within ourselves. If each of us were able to be present in this way, bringing peace and light and joy, something in humanity would change. This book may seem like a drop in the ocean and yet your personal journey is the only one you can take total responsibility for. Another Rosser book made for kindle fire with mandala, chakra meditations, that deals with complementary colours and hopes to generate balance and peace throughout the world.
