

(A?)musing de Bergerac: On Illness: And Other Blessings

Virginia Woolf wrote, how tremendous the spiritual change that it brings, how astonishing, when the lights of health go down, the undiscovered countries that are then disclosed. We live in a society which values visible strength; social prominence, conspicuous wealth and ostentatious achievement. Illness does lead one to undiscovered countries. Places where a poem can save our lives, where the gift of yellow flowers brings precious moments of blazing joy and where self-knowledge, empathy and gratitude flourish; these are the countries to which I have been lead. And now, with these essays I share them with you. I hope you enjoy them.
