

Following in the footsteps of world-renowned psychics Edgar Cayce and Sylvia Browne, Debbie Dombrow Hoffmann's book *Spiritual Encounters: My Astral Travels, Angel Encounters and Past Lives* is the latest and greatest addition to the New Age/Spiritualism genre. A product of the Catholic Church, and later a born-again Christian, she grew up surrounded by religious doctrine and tenets only to be constantly plagued by the notion of the primal religious question: Is this it? A believer in the power of prayer, once exposed to the teachings of the world's greatest living psychic, Sylvia Browne, in the mid-1990s, Debbie Dombrow Hoffmann prayed for God's guidance and understanding in all things New Age, particularly the notion of reincarnation or past lives. And did God answer her loud and clear! A psychic since the age of 14, Debbie Dombrow Hoffmann's life has been absolutely fascinating, absolutely real. And to think she lived more than one. She is no heiress to wealth and fame but she is an heiress to experience and knowledge unmatched by very few here on earth. The lessons Debbie Dombrow Hoffmann relays to us are fundamentally sound and necessary to understanding the importance of our life here on earth, its connection to the Other Side, and most importantly our relationship with God.
