

My Tribute to Aurora: Remembrances of my very unique canine companion.

My special tribute is a collection of heartfelt reflections and marvelous memories spanning nearly 16 years of sharing my life and home with my loyal canine companion, Aurora. Be prepared to laugh out loud with her silly wolf-dog antics. Experience the role-reversal when the lovingly cared for big dog with a fluffy tail becomes the care provider. Know the pains of pure panic when Aurora mysteriously disappears. Cheer with our triumphs when we overcome unusual bummers along the path of life. Shed tears of joy when Aurora rages against the coming of the night. These are remembrances that will linger long after the reading is done. Enjoy often... John and Aurora
