

# Reading Lesson: Teach Your Child to Read in 20 Lessons

NOTE: For MAC the product is compatible only for OS 10.6. The Reading Lesson CD-ROM is a must-have CD companion for teaching your child to read. Younger children like the excitement of animation and interactivity. This CD-ROM is chock full of animated activities and games that entertain and teach. The CD-ROM is organized along 20 lessons, hosted by Giggle Bunny, same as in The Reading Lesson book. The lessons in the CD-ROM DO NOT repeat what is on the book but present the information in an animated, interactive and fun way. Let's face it, children like flash and excitement of animated characters and are much more apt to learn via the interactive method. In this CD-ROM, our little Giggle Bunny acts as your child's guide. The sounds of each letter are first taught using an animated character. Such as, a spotted dog barks, sits up, sleeps and acts funny to help your child learn the sound of letter d. Child is then taught how to combine/blend the sounds to read words in that lesson. A Word theater lets child play games with words and a small typing section allows him to type out the words. The CD-ROM is fun for kids and a must-have if your child is learning to read using The Reading Lesson book. Please note that this CD does not contain the lessons from the book. You will need the book for a complete package. If you are interested in buying the eBook version of the book, please check the Reading Lesson Package CD here on Amazon. That CD contains the complete book in PDF format with all the lessons. It also contains Teach me Handwriting eBook to go with the reading lessons, an essential step in learning to read. A color version of the eBook can be obtained from Reading Lesson site. The current version of the CD is compatible with Windows XP, System 7 and System 8. The Mac version is only compatible with OS X. If you have any problems installing the software, please see

instructions/solutions at our site. Being a micro company, we try to be very very responsive. But please email us instead of calling. Support is available by email only.
