

## When Goodbye Begins: Sharing Life With Dementia

Acknowledging the caregivers loss in the early stages Being the carer in the early stages of dementia can often seem subtle to others. But the loss of the person you knew is real. This account of that time seeks to share, comfort and support carers, and also educate those around them. It is crucial that the gravity of the early stages be fully understood - and supported. This beautifully written, sensitive and honest account offers carers, and their friends and family, a written embrace from a genuine experience.
